Jimmy Somerville, So Cold The Night

Communards (Somerville/Coles)

I watch your window

I shake so scared

Spying from my room

With nervous unrest

Night after night your fingers

caressing

The skin that is so fair you slowly

undress

Soon we will be together

Until then so cold the night

Soon we will be together

Until then so cold the night

I know that you knowthat I'm here

each night

Watching and praying the time is now

right

For me to undress and caress you

Until then I'll just sit here and dream.

Soon we will be together

Until then so cold the night

Soon we will be together

Until then so cold the night

Cold the night, Cold the night

Soon my love

Soon my secret lover

Soon my love

Soon my secret lover

Soon my love

Soon my secret lover

Soon my lover

I watch your window

I shake so scared

Spying from my room with nervous

unrest

Night after night your fingers

caressing

The skin that is so fair you slowly

undress

Soon we will be together

Until then so cold the night

Soon we will be together

Until then so cold the night

Soon we will be together

Until then so cold the night

Soon we will be together

Until then so cold the night

Ooh it's so cold without you

Cold the night

Cold the night
