

# Joan Armatrading, I Wanna Hold You

You got the look  
I like  
You make the people stare  
And it's getting me  
In a state

You're going out  
With someone  
I don't approve of  
And it's getting me  
In a state

I see you in a restaurant  
I wanna hold you  
I see you with your mother  
I wanna hold you  
I see you when you don't see me  
I wanna hold you

I wanna hold you  
In my arms  
And I wanna  
Love you  
I want you  
And I'm gonna try

I'm searching but  
I don't  
Know why I bother  
'Cos I've seen you  
And you look  
Just right
