Joe Cocker, Out Of The Blue

(Robertson)

[Chorus:]
Out of this world
Out of this mind
Out of this love for you
Out of this world
Out of the blue
Out of this love for you

Sometimes I don't know you You're like someone else But that's allright I'm a stranger here myself

She don't shed a tear When I walk out that door She knows, she knows I'll be coming back for more

[Chorus]

It's in the cards It's written in the stars It's in the wee-wee hours In some lonely bar

She don't stay up all night And walk the floor She knows damn well I'll be coming back for more

[Chorus]
