

Joe, I Like Sexy Girls

Understand
Girl I'm a different brand
I'm not the average man
I can show you things you've never seen
I'm making plans to fly to the South France
I got ticket in my hand
So baby let's just up and leave
I'm that romantic type
Who likes do thing right
Make love by candle-light
'Cause I'm that kind of guy
I like sexy girls
From east to west-coast
She could be ghetto or be a supermodel
I like sexy girls
All kind of women
I got so many
And that's just how I'm living
I like the way she move her hips
Run her tongue across her lips
Sippin' wine instead of cries so, so sexy
Think about her jeans
Victoria secret thongs
Surely get me sprung
Love the way they look on you
We could shill down at the sunset grill
Or get lost out in Brazil
Let's do whateva suits your mood
I like the way you shake your thing
Ooh you make me wanna scream
(Ooh Ooh Ooh)
So sexy So sexy
Looks so good inside your clothes
You don't need your skin exposed
And still
You're sexy so sexy
