

# Joe, Isn't This The World

Isn't this the world  
The place (that) we call home  
Isn't this the world  
Then why do I feel alone

Isn't this the world  
The place we call home  
Isn't this the world  
Then why do I feel alone

I've walked around just/about all my life(well,well)  
I slept on park benches/many many nights(well,well)  
Even remember the days/I had nothing to eat(I,I)  
But someone to love me/is all I need

What we gotta do (what we gotta do)  
Me and you (what we gotta do)  
We have to change our selfish ways no matter who else does  
We have to rise, rise above  
Together in love

On top of living this life of love without(well,well)  
I've been ignored and talked about(well,well)  
This is not the riches that I live to see(I,I)  
But someone to love me is all I need

What we gotta do(what we gotta do)  
Me and you(what we gotta do)  
We have to change our selfish ways no matter who else does  
We have to rise, rose above  
Together in love

Isn't this the world  
The place (that) we call home(the place, the place, the place)  
But isn't this the world  
Then why do I feel alone

Isn't this the world  
The place (that) we call home  
But isn't this the world  
Somebody tell me  
Somebody tell me  
Then why do I feel alone
