# Joe, It's Alright

Oh yeah
Everything is going to be okay
Don't cry baby

Woh oh woh, it's alright
You don't have to worry about a thing
Woh oh woh, it's alright
You don't have to worry about a thing

Excuse me, baby
Tell me what's the matter?
I want to know what's on your mind
Did someone hurt you
throw your love away
Do you feel like you are left behind

I know it's hard for you to see it now
But your pain will soon fade with time
It's going to be alright
Just you wait and see
In my true love you will find

Listen baby

There are so many things that we can do
If you just give me a chance
I'll promise you
I'll never let you down
I'll do for you all I can

I'll hold you tight
In the middle of the night
Do what you want me to do
Your satisfaction is guaranteed
If you would give all your love to me

Baby, have faith in me
Believe
Don't worry about a thing
I'll never hurt you
I'll be right by your side
I won't do you like the others
I won't throw you love away
