

# Joe, My Love

Said on my real  
I like them lovely ladies just like this [x2]

Baby all week, I've been sayin'  
You need to open up  
'Cause girl I think I've been patient  
For long enough  
I ain't never been the type for holdin' in  
Or holdin' out for sex  
But lady I guess I see you as different  
But girl I can't hold it no more

[Chorus:]  
Take my love, it's yours  
Baby I can read your mind  
You want my love  
You want it all through the night and  
Baby I, I'll get it to crackin'  
Your body wants more  
And I've put in so much time  
Just give me your love, every bit of it  
Baby I, I can make it happen.

Baby tell me, tell me what makes you happy  
Watch me while I make it happen  
Whatever it is I'm for giving you  
All of my love  
Baby, hold up because I've got some more  
And your body deserves it all  
I've got everything under control  
Take my love

[Chorus]  
I can tell when we kiss  
Ooh you like it  
And the more I do this  
You get excited  
And I promise it gets better  
There's somethin' I want to tell you  
Relax  
While I go deeper baby, deeper baby, deeper baby  
In a second I'm about to reach your favorite spot  
Give you all I got  
There it is  
Baby, won't you take my love?

[Chorus]
