

Joe, Peep Show

Taking you from the bed, to the walls, to the floor.
Sexing you, sexing me, freaky freak, behind closed doors.
Nobody else can know (behind closed doors),
Expressional, invitation only peep show (check it out).

Turn all the lights off, and pull the shades down, unplug the telephone.
Don't answer the doorbell, no interruptions, let's spend tonight alone.
Break out your break birthday suit, I wanna freak you. I like it nasty.
Whatever you want, it's on, all you have to do is ask me, just ask me baby.
You don't have to say a word, darling I already heard,
Your body been talking, and when it tells me that you're ready.

Taking you from the bed, to the walls, to the floor.
Sexing you, sexing me, freaky freak, behind closed doors.
Nobody else can know (behind closed doors),
Expressional, invitation only peep show (check it out).

Every move that we make scented candles reflect it all.
And our shadows are locked in a dance on the bedroom wall.
If you wanna scream, girl go ahead and shout,
If this feeling good to you, girl just let it out.
I don't mind if you give it to me wet and wild,
Anything goes girl, tonight I'll be,

Taking you from the bed, to the walls, to the floor.
Sexing you, sexing me, freaky freak, behind closed doors.
Nobody else can know (behind closed doors),
Expressional, invitation only peep show (check it out).

Keep it right there, don't you move, don't go nowhere,
Baby tonight you get no sleep, leave the light on, I'm going deep.

Taking you from the bed, to the walls, to the floor.
Sexing you, sexing me, freaky freak, behind closed doors.
Nobody else can know (behind closed doors),
Expressional, invitation only peep show (check it out).
