

# Joe, U Should Know Me

I remember when we had so much trust  
And nobody couldn't come between us  
Do you remember (oh)  
Now you listen to he said she said  
And they keep puttin thoughts in your head  
All the time

Girl your heart is filled with so much doubt  
Cuz you think that I've been playin you out

1  Girl you should know me (you should know)  
 Know me by now (by now)  
 I would die before I hurt you (yes I will)  
 You should know me (you should know me)  
 Know me (oh please believe me girl)  
 And I will never let you down (ooooohh)  
 No

You believe that I've been gettin down  
With your friend when you're not around  
Now why would I do it baby, baby mmmmm  
I don't deny that there's some attraction  
But they lie about my reaction  
I could never never hurt you baby  
Never never never

Girl your heart is filled with so much doubt  
Cuz you think that I've been fooling around

Repeat 1

If you can look inside of me  
Before you start your third degree  
You would know exactly how I feel  
No one else can take your place  
I love you more, more and more each day  
Don't you let them take away this love  
That we have baby (no baby no)

Repeat 1

Why would I give you my credit card  
If I really didn't love you baby  
Why would I buy you a diamond ring  
If I really didn't love you baby  
If you wanna know  
If you really really really really wanna know  
Don't ask my neighbors  
Cuz the don't know what they say  
All you gotta do is ask me girl  
I'll let you know
