

# Joe, World Of Girls

Met a girl on trip to Spain  
Took a walk and in the rain  
Dinner by candle-light  
Every night  
She was every man's delight  
Had a dream\_\_\_  
Bentley and humor  
And I fell in love  
Instantly the way she put that thing on me

I have kissed the most exotic faces  
From London to Honolulu  
Made love in the most romantic places  
What more can one man do  
Livin' in a world of girls  
It's like swimming in a sea of peals  
Tastes like caviar  
Watching shooting stars  
She's like \_sh to the touch  
Diamonds in a ruff

Had a girl who was a beauty queen  
Most beautiful one to me  
Straight out of a magazine  
Centerfold  
Took a ride on my\_\_\_  
Puerto Rican, Dominican, Americana  
And beautiful Rio Janiero  
And they all look so good to me

Like a ride in an air balloon  
Through the sky on a night with a silver moon  
Like the first time lovers kissed  
Like the first time lovers with come true  
Like a Saturday sun  
Like a rush when you know you're found  
That one  
It feels so good to me
