John Lundvik, My Turn

Breath in and out I see clearer now And I know even though I'm scared this time How could I say no When everything I feel is right?

So tell me baby, tell me that I'm ready to fly Cause everything around me saying smile, you'll be fine I ain't gonna miss it I ain't letting go It's my turn!

Time

Heart and mind are ready to learn here and now And I know even thou I'm scared this time How could I say no When everything I feel is right?

So tell me baby tell me that I'm ready to fly Cause everything around me saying smile, you'll be fine I ain't gonna miss it I ain't letting go It's my turn!

I know that I;ve been hidn'
but I won't anymore
there's nothing that can stop me
I;m will snad till I fall
I ain;t gonna miss it
I and't letting go
it's my turn

So tell me baby tell me that I'm ready to fly Cause everything around me saying smile, you'll be fine I ain't gonna miss it I ain't letting go It's my turn!
