

# John Mellencamp, Good Girls

Good girls don't stay for breakfast  
They know it's in poor taste  
Good girls won't blow your evening  
With small talkin' chit chat just a waste

[Chorus:]

I don't wanna walk with you  
And I don't wanna talk with you  
And I don't wanna be with you  
'till the night time

Good girls have reputation  
Good girls have to keep it clean  
But you girl you're so damn reckless  
You're a boll weevil evilly obscene

[Chorus]

Hey girl you know I've heard those stories  
About you girl last of the pony-tail queens  
China chops are a dime a dozen  
So hey girl go on and shake that thing

[Chorus]
