John Mellencamp, Small Paradise

Two veteran lovers french kiss in the doorway Their ears are cold but their hearts are so warm A country band playin' down the street just a little ways They're whiskey wild, they keep it up until dawn

[Chorus:]
Small Paradise
I glad to see everything's alright with you
Alright then hold me tight - kiss me
Small Paradise

A neon sign blinks outside in the pouring rain It's ladies night free drinks until 10 Some people walk on by, hey girl don't I know you, won't you come on in Well it ain't love but it ain't bad

[Chorus 2x]
