

# John Newman, Without You (ft. Nina Nesbitt)

a life without you  
ain't right without you

I didn't mean to shut you out  
I didn't mean to shout at you at all  
the temper's raised and anger flares  
we're two hotheads and nothing let but cold

but when nobody's there and nobody cares  
when the trees come down and nobody hears  
I'll always be the one that's there for you

a life without you  
ain't right without you  
I am never gonna go  
cause life without you  
ain't right without you

every time that I try to leave  
something's pulling me back  
every time that I'm on my knees  
you're the one that's there

cause life without you  
ain't right without you  
I am never gonna go  
a life without you  
ain't right without you

didn't mean to call you out  
didn't mean to cut you down at all  
and our egos flare and we say things  
I am just scared of feeling vulnerable

but when nobody's there and nobody cares  
when the trees come down and nobody hears  
I'll always be the one that's there for you

a life without you  
ain't right without you  
I am never gonna go  
cause life without you  
ain't right without you

every time that I try to leave  
something's pulling me back  
every time that I'm on my knees  
you're the one that's there

cause life without you  
ain't right without you  
I am never gonna go  
a life without you  
ain't right without you
