

Johnny Cash, Honky Tonk Girl

Don't be fool by big blue eyes by a smile or a golden curl
Cause she'll love you now and then break every vow cause she's just a honky tonk girl
Breaking hearts to her is just the way of having fun
She thinks every man's a fool and you're another one
She knows all the arts of love she'll give your heart a twirl
Cause she's just a honky tonk girl
[fiddle]
She can never change your ways though you'll give her all the world
She's had more than one or two and each day there's someone new
Cause she's just a honky tonk girl
Breaking hearts to her...
