

Jonas Blue, AWA, Something Stupid

Look at me
I am a mess
See what you started
Need to hit the brake
Take myself away
Wasn't I
Done with it
One touch and my heart
Don't articulate

You know me
You know what I get like
When I get lonely
Wild thoughts on a late night
So unholy
I can feel it coming

Think I might say something stupid
Lalala like I want ya
Lalala like I want ya
Told myself no no no ni n
But here I go
I'mma la la. Al. Al. Lose it
No I can't be here with you here
My baby no
Cause I might say something stupid

Look at me
I am a mess
How do you get me so outta control
Really got a hold of me
Maybe I
Should've known
I'd end up wanting you take me home
