The top down cus she worked hard for it  
But blocked out  
So they won't see her in it  
Busssdown, baby ain't tired of this

Diamonds, baby bought all of tchem  
Dressed up and shes just walks right it  
Busssdown baby, are you tired of this

Run it run it now  
You want to head out  
The flight leaves at noon  
And she want to buy channel  
Just dropped tchem 2 bags  
They want another  
Now, you;re asking for too much

Order what you like  
Don't have to pay her back  
The parties at midnight  
She wants an ounce of that  
Feels so bad to feel nice  
But she can't handle that  
It comes with, with a small price
