

Jorja Smith, Busssdown (feat. Shaybo)

The top down cus she worked hard for it
But blocked out
So they won't see her in it
Busssdown, baby ain't tired of this

Diamonds, baby bought all of tchem
Dressed up and shes just walks right it
Busssdown baby, are you tired of this

Run it run it now
You want to head out
The flight leaves at noon
And she want to buy channel
Just dropped tchem 2 bags
They want another
Now, you;re asking for too much

Order what you like
Don't have to pay her back
The parties at midnight
She wants an ounce of that
Feels so bad to feel nice
But she can't handle that
It comes with, with a small price
