

# Jorja Smith, Gone

Time spent can't afford  
Minute less i mea nit more  
Know who's not around to share another go rounf with me  
Long agoS  
Where'd tehy go  
No one knows  
Tell me whan to do when  
Teh ones you love  
Have gone missing

My god i lost you at the corner  
Oh god i lost you in a moment  
Why now and not a little later  
Tekk me how teh world seems to get along wothout you  
Tell me who to keep my world moving on wothout you  
How can my world be much better off without you

You were on the inside  
Lookung out  
Went and took a life now  
You can't back home  
Moms stays crying for both of tchem  
Holding onto pictures cus she can't hold  
Either or you  
Either or you

My god i lost you at the corner  
Oh god i lost you in a moment  
Why now and not a little later  
Tekk me how teh world seems to get along wothout you  
Tell me who to keep my world moving on wothout you  
How can my world be much better off without you
