

# Journey, Daydream

(Perry/Rolie/Schon/Valory)

Shining in the silver moon,  
Crystal ships are sailing to the sea.  
Dreams the joys of pearls and gold,  
And our angel's wings in flight unfold.

[Chorus:]

Fly, fly by my window,  
Flyin' so free, yeah.  
Yes, they fly, fly by my window.  
Yes, those bright diamonds a-once were stone,  
Rollin' down a silver stream.  
Yes, those bright diamonds a-once were stone.

Sail on a silver wings of fire,  
Sailing dreams beyond the silver moon.  
In silver clouds that fly so high,  
Live the dreams you search,  
But can't find.

[Chorus]
