

Journey, In The Morning Day

(Rolie, Valory)

Everybody's got the blues
In the morning day, yeah
If you find the answer
And you wonder
Let's find a way
I want to give you happiness
Just like the sun gives to the day
I'd like to make you mine yeah
I'm gonna make you mine
Just like a blinding dream
Yeah, you're gonna be with me

Strolling through a summer's breeze,
And you find it's not the rain,
Leaving wrong behind you,
All your fantasies so very plain.

I want to give you happiness
Just like the sun gives to the day
I'd like to make you mine, yeah
I'm gonna make you mine
Just like a blinding dream
Yeah, you're gonna be with me.
