Journey, Troubled Child

(Perry/Schon/Cain)

Sunrise, creepin' in your eyes
Cold empty side walks
Miles away from trustin' someone
Far from giving up
Young blood, cry tough
Mean street run
There's a hunger inside you
Desperate rebel runaway
Far from giving up

Someday, someway, all very soon You'll end, long nights Chasin' the moon

[Chorus:]
War with yourself
Makes you feel better
Caught behind the lines
Troubles child
Faith finds a cure
It makes you feel better
You know you can shine
Troubled child

Voices echo, from the past Decisions made for you Trials they made To touch your heart Never found their way

[Chorus]
