

Juice WRLD, On My Mind

i can't make your mind up
but I can make you dab hehe

i can't make your mind up
told her, that her time is up
yaeh, woah, woah
enviyon on the mix

too much on my mind
I can't make my mind up
told her, that her time is up
I been on my grind
had her in the past, but
I will not rewind
I will not rewind her
I will leave her there
too much on my mind
I can't make my mind up
told her, that her time is up
I been on my grind
had her in the past, but
I will not rewind
I will not rewind her
I will leave her there
