

# Julia Pietrucha, In Me

in the night she's fallin'  
wish for someone callin'  
in the night she's fallin'  
wish for someone callin'

in the night she's fallin'  
wish for someone callin'  
now when she's lost

wake up in the morning  
dreamed of someone warming  
the clod in her heart

maybe life inside her  
makes the darkness brighter  
now, dare to see

lonely teardrops drying  
no more time for crying  
life wants to be

somehow  
she'll need to bar  
cause now  
there's someone else  
somehow  
she'll need to bar  
cause now  
there's someone else
