

Jung Kook, Shot Glass Of Tears

Tell me, am I ever gonna feel again?
Tell me, am I ever gonna heal again?
Got a shot glass full of tears
Drink, drink, drink, say cheers

I got all these diamonds running down my face
And I ain't letting any of 'em go to waste
Got a shot glass full of tears

She the life of the party
42 in her body
She got some dangerous hobbies
Like chasing after the sun and making me fall in love
Till I'm sick to my stomach
Until I throw back a dozen
Until I'm driving a hundred
With my hands off the wheel just to see how it feel

Tell me, am I ever gonna feel again?
Tell me, am I ever gonna heal again?
Got a shot glass full of tears
Drink, drink, drink, say cheers

I got all these diamonds running down my face
And I ain't letting any of 'em go to waste
Got a shot glass full of tears
Drink, drink, drink, say cheers
Ah-ah-ah, ah-ah-ah-ah
Drink, drink, drink, say cheers
Ah-ah-ah, ah-ah-ah-ah

It's a hard pill to swallow
This emotion I bottle
Need something strong for the sorrow
Something strong for the pain so I can wash it away
I was cold, now I'm freezing
Stuck in a permanent season
And we both know you're the reason
I'm not the same as before, I don't feel anymore, oh

Tell me, am I ever gonna feel again?
Tell me, am I ever gonna heal again?
Got a shot glass full of tears
Drink, drink, drink, say cheers

I got all these diamonds running down my face
And I ain't letting any of 'em go to waste
Got a shot glass full of tears
Drink, drink, drink, say cheers
Ah-ah-ah, ah-ah-ah-ah
Drink, drink, drink, say cheers
Ah-ah-ah, ah-ah-ah-ah

She the life of the party
42 in her body
She's got some dangerous hobbies
Like chasing after the sun and making me fall in love
