

# Junior Senior, Take My Time

I don't understand  
The way you take my hand  
As we're walking down the stairs  
Out the door to anywhere  
I think something's in the air

But I can't read your mind  
Oh girl, you're wasting my time

Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind

I think somehow I know  
When we dance real slow  
From your attention span  
That you're about to plan  
To throw my guess in the garbage can

But I can't read your mind  
Oh girl, you're wasting my time

Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind

Whoo!

Love's all we need  
In the world to succeed!  
Love's all we need  
In the world to succeed!

Love's all you need  
In the world to succeed  
But it's hard to find a pearl  
In the heart of a girl  
It's not the end of the world

But I can't read your mind  
Wasting my time

Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind  
Don't you know  
That you're taking your time to make up your mind

Taking your time to make up your mind!  
Don't you know  
That you're taking your time to make up your mind?!

Don't you know  
That you're taking your time to make up your mind?!  
Don't you know  
That you're taking your time to make up your mind?!  
Don't you know  
That you're taking your time to make up your mind?!

Taking you're time!

Take-take-take you're time!
