

# Junior Senior, U And Me

You and me  
C-c-can't you see  
It wasn't meant to be

Just take my hand  
And you'll understand  
Woah! I'm not your man

You and me  
C-c-can't you see  
It wasn't mean to be

Just take my hand  
And you'll understand  
Woah! I'm not your man (Understand..)

Cause you and I  
We're like day and night  
Woah the sunlight (Sun and night..)

No need to run  
If we're two in one  
No need to run  
If we're two in one

No need to run

Just take my hand  
And you'll understand  
Woah! You'll understand

We can take the easy way out  
We can go our separate ways  
Yes we can take the easy way out  
We can go our separate ways  
But in a way it's days like today  
When the hard work seems to fade  
Just hang on, our life's just begun  
And you know that you're the one  
Oh yes you know that you're the one  
For someone

You and me  
C-c-can't you see  
It wasn't meant to be (Meant to be..)

Just take my hand  
And you'll understand  
Woah! I'm not your man (Understand..)

Cause you and I  
We're like day and night  
Woah the sunlight (Day and night..)

No need to run  
If we're two in one  
No need to run  
If we're two in one

No need to run

Just take my hand  
And you'll understand  
Woah! You'll understand

We can take the easy way out  
We can go our separate ways  
Yes we can take the easy way out  
And remember happy days (Whoop hoo!)  
But in a way we're in a good phase  
Now things fall into place  
Just hang on our life's just begun  
And you know that you're the one  
Oh yes you know that you're the one  
For someone

You and me  
C-c-can't you see  
It wasn't meant to be (Can't you see..)

Just take my hand  
And you'll understand  
Woah! I'm not your man (Understand..)

Cause you and I  
We're like day and night  
Woah the sunlight (Sunlight..)

No need to run  
If we're two in one  
No need to run  
If we're two in one

No need to run  
Two in one  
No need to run

Oh yes you know that you're the one!  
Oh yes you know that you're the on-
