

Justin Bieber, E.T.A.

feels like time's moving
just trying to occupy my mind
so that I don't go loony over you
just trying to amplify the sound
to drown out all of this need for you
biting my nails got me nervous
so anxious , see it's one o'clock now
noon felt like 3 hours ago

I just wanna know your E.T.A.
E.T.A - out the window got me lookin out the street
what's your E.T.A.?
Distance only made us grow fonder
of one another's , be honest
what's your E.T.A.?
what's your E.T.A.?

say you almost right here now
just say you plulling up to my gate
don't say the signal faded
driving through the canyon
just hurry up for my sake
I was born ready for you

skin sweeter then cinnamon
eyes deeper than the ocean
love me hard like where you been
love ,e like you don't want it to end

I just wanna know your E.T.A.
E.T.A - out the window got me lookin out the street
what's your E.T.A.?
Distance only made us grow fonder
of one another's , be honest
what's your E.T.A.?
what's your E.T.A.?
