

K/DA, VILLAIN (ft. Madison Beer and Kim Petras)

On the low
Only love myself no more
Take you to the grave I'll ghost
I know I can be so cold

In the dark
Where I like to keep my heart
Know I'm all bite no bark
Like to catch you way off guard

I'll stay so deep inside your brain
And take you somewhere far away

Time to roll the dice
You know I'm the type
Type to risk my life
Not afraid to die
Type to make you cry
Type to put a price
All up on your head
Do just what I said

Imma straight up villain
Straight up villain
Yeah no feeling
Yeah no feeling
Straight up villain
Straight up villain
Yeah no feeling
Yeah no feeling

I'm alive
But I'm dead
Hear my voice up in your head
Watch it fill you full of dread
Till you go pow

Now is it really a surprise
If I'm playing with your mind
And I treat you like prize
Then I throw you to the side
And am I really that bad
If I love to make you mad
And get happy when your sad
Only care about a bag

In control
That's how I like it
And I'm never letting go, nah
Never had a soul
So you ain't taking anything from me
When you go, nah

I'm alive
But I'm dead
Hear my voice up in your head
Watch it fill you full of dread
Till you go pow

Bang bang
You can do anything
No fear no pain
Listen to your brain go
Go stupid go dumb go stupid and

Then we go insane woah
Just do what I say
Follow me I'll lead the way

I'm alive
But I'm dead
Hear my voice up in your head
Watch it fill you full of dread
Till you go pow
