

# Kalt Vindur, And Nothing Is Endless

Peace here on earth  
And the war above  
Let it last, let it kill  
Silence here on earth  
And the scream above  
Let it last, let it stun  
Happiness here on earth  
And the fall above  
Let it continue, let it crush  
Delight here on earth  
And the hatred above  
Let it last, let it arouse  
And everything is and continues  
And nothing is endless
