

Kanye West, Wolves (ft. Sia, Vic Mensa)

Lost it, beat up
Dancing down there
I found you, somewhere about
Around, around there,
Right right there
Lost it, beat up
Down there, dancing
I found you, somewhere about
Right down there, right around there

Lost it found out
Turned out, how you thought
Daddy, found out
How you turned out, how you turned out?
If mama knew now
How you turned out,
You too wild /4x
I need you now
Got to love you
Found you, found you
Right now, /4x
If your mama knew how you turned out,
You too wild /4x
And I need you now
Lost it, found now
