

KARI, Time

Part me wants move on
move on
.. full of poison
always have
try to feel something
something
part of me don't now
what I am fighting for

I can hear a cloud of voices

try to feel something
something
feeling like ...

give me more time
Give me more time,
then I'll know.
Give me more time
give me more time
My heart is slow
/5x

...
singing best ...
close my eyes
looking for something

give me more time
Give me more time,
then I'll know.
Give me more time
give me more time
My heart is slow
/5x
