

# Katy Perry, Déjà vu

I live of the echoes of your I love you;s  
But I still feel the blows from all your don't want to's  
When you're drunk  
You say I;m the one  
Then you wake up you suck my hope it in a vacuum

Cause every day's the same  
Definition of insane  
I think we're running on a loop  
Daja vu  
So tell me something new  
Figure up the Rubik's Cube  
I think we're running on a loop  
Déjà vu

Your words are Chinese water torture  
And there's no finish line  
Always on emore corner  
They slither like a centipede  
Why do you keep me at the end of a rope  
That keeps getting shorter?

Cause every day's the same  
Definition of insane  
I think we're running on a loop  
Daja vu  
So tell me something new  
Figure up the Rubik's Cube  
I think we're running on a loop  
Déjà vu

Cause every day's the same  
Definition of insane  
I think we're running on a loop  
Daja vu
