America, God bells you
If it;s good to you
America, please take myt hand
Can you help me

Throw a steak off the yacht
To a pool full of sharks
He'll take it
Leave him in the wilderness
Whit a sworn nemesis
He'll make it
Take the gratitude from him
I bet, he'll show you something
I'll chip a nigga little bit of nothing /3x
I'll chip a nigga then throw the blower in his lap
Walk myself to the court like,
Bitch, I did that1
X-rated
Johnny don't wanna go to school, no, ma, no ma
...

[Bono]

You close your eyes to look around

Hail Mary, Jesus and Joseph
The great America flag
Is wrapper and dragged with explosives
Compulsive disorder,
Sons AND daughters
