

Kiana Ledé, Deeper

I'm craving your devotion
Gave you the key and that's rare
Cause I don't let just anyone in
I'm glad you're scratching the surface
But you could do a little more
Cause underneath's a mountain

Oh baby
Please just take your time
(L-L-Love, love me right there yeah, yeah
Love me right there, yeah)
It's paradise once you're inside
(L-L-Love, love me right there yeah, yeah)

I want you to go deep
Don't be scared baby
I wanna see you go deep
Don't be scared baby
I'm gonna make it worth your while
Come and kiss my flaws
Seduce my mind
Hope you got stamina for life
Baby go deep
I wanna feel you go deeper deeper

And bringing down my walls when it don't come easy babe
Gotta know me in and out
Hold it down
No pullin out
My wall as need breaking
Yea, yea, yea
Can you love me naked
Yea, yea, yea
Cause this part of me
They don't get to see

Oh baby
Please just take your time
(L-L-Love, love me right there yeah, yeah
Love me right there yeah)
It's paradise once you're inside
(L-L-Love, love me right there yeah, yeah)

I want you to go deep
Don't be scared baby
I wanna see you go deep
Don't be scared baby
I'm gonna make it worth your while
Come and kiss my flaws
Seduce my mind
Hope you got stamina for life
Baby go deep
I wanna feel you go deeper deeper
I wanna feel you go deeper deeper
I wanna feel you go deeper deeper
