

King, Sugar candy mountain buddhas

Baby baby baby
Sugar candy mountain buddhas' beware
Baby baby baby
Sugar candy mountain buddhas' beware
I say hide
Let it fly
Sugar gravy train go by
I say hide
Turn the tide
Them buddha boys they've got no pride
A hint in the eye
That glint of gold
Swing your plastic hip
Spin your video
Just follow my lips
I'll say it slow
I'm talking sugar candy mountain buddha
Baby baby baby
Sugar candy mountain buddhas' beware
Baby baby baby
Sugar candy mountain buddhas' beware
Kiss my cheeks and tap my back
Lay your 30 bits of silver there
Put all you promised in the pan
And flush it to the sewer then
A hint in the eye
That glint of gold
Swing your plastic hip
Spin your video
Just follow my lips
I'll say it slow
I'm talking sugar candy mountain buddha
Baby baby baby
Sugar candy mountain buddhas' beware
Baby baby baby
Sugar candy mountain buddhas' beware
Beware
You better get wise 'cos here they come
You better get wise they've come
You better get wise 'cos here they come
You better get wise they've come
