

King, Unity song

Some fighters when bruised
retire choose to lose
some bruisers confused
lean on their brothers
that's a desperation move
we can't change the times
or the stars friends I know
we can't change the times
or the stars
huh
communication some of that give and take
a sound anthem worth some debate
we can't change the times
or the stars friends I know
we can't change the times
or the stars
you want to tell me about it
how should we answer - bittersweet
how should we answer - box on nimble feet
how should we answer - with a unity song
how should we answer - with a unity song
