

# Kingdom Waves, Dust to dust

Last farewell  
Nothing left to foretell  
Dust to dust  
to get lost in the maze  
Brace yourself  
falling down search for respect  
then disconnect my brain

Misplaced day in day  
out I remain

Just to say  
That's no more than disdain  
Dust to dust  
any which way you can  
Get the pain  
maddening more you've ever felt  
then disconnect my brain

Sunrise  
Comes the darkness  
watching over me,  
gazing restlessly  
Whispers are calling nowhere  
That's my awakening  
or chasing sleep am I?

Going back  
to the childhood loneliness,  
hidden place  
I was coming to the age  
Torn between  
wisdom and a craziness  
so disconnect my brain  
Misplaced day in day  
out I remain

Sunrise  
Comes the darkness  
watching over me,  
gazing restlessly  
Whispers are calling nowhere  
That's my awakening  
or chasing sleep am I?
