Kittie, Paperdoll (Remix)

I look at her in that paper dress I wonder why she won't burn She's just a paper doll, that's all Just a paper doll

I dress her up, she knocks me down I dress her up, she knocks me down

They try her on for size, she fits nice One size fits all They try her on for size, she fits nice One size fits all

Now her soul is dead Now her body's raw Wash away her pain

Watch the blood run down her face But don't take notice and Watch the blood run down her arms Please don't take notice

I know you have her soul And I see it in your eyes She knows you have her soul And she sees it in your eyes

Now her soul is dead Now her body's raw You can numb her pain

She wants you to eat her pain She wants you to eat her remains She wants you to eat her pain She wants you to eat her remains

Now her soul is dead Now her body's raw Wash away her pain
