

KK's PRIEST, Hymn 66

Lift up your voices
To give praise to our lord Deimos
God of all turmoil, fear and dread
Now kneel and we will sing Hymn 66

God of war
Lord of all turmoil fear and dread
He bears the scars
That cannot be erased forever more
The penance of the crucifix

Let's all sing hymn, let's all sing hymn 66

Fuelled by fear
Revenge will come, the deed will be done
Your fate is near
He won't forget, he'll make you regret
The day you inflict the penance of the crucifix

Let's all sing hymn, let's all sing hymn 66

We gather here together
Lift up your voices, sing forever

Lift up your voices
To give praise to our lord Deimos
Now kneel and we will sing Hymn 66

Now we rise
The sun is turning red up in the skies, in the skies
Let's all come to the altar now and praise our king
With the penance of the crucifix

Let's all sing hymn, let's all sing hymn 66
Let's all sing hymn, let's all sing hymn 66
