

Kygo, Ellie Goulding, First Time

We were lovers for the first time
Running all the red lights
The middle fingers was our peace sign
We were sipping on emotions
Smoking and inhaling every moment
It was reckless and we owned it

We were high and we were sober
We were under, we were over
We were young and now I'm older
But I'd do it all again

Getting drunk on a train track
Wey back when we tried our first cigarettes
10 dollars was a fat stack
I'd do it all again
Bought my jacket and a snapback
You dance black hole was a may back
3 stacks on the playback
I'd do it all again

We were lovers on a wild ride
Speeding for the finish line
Come until the end of our time
Started off as a wildfire
Burning down the bridges to our empire
Our love was something they could admire

We were high and we were sober
We were under, we were over
We were young and now I'm older
But I'd do it all again

Getting drunk on a train track
Wey back when we tried our first cigarettes
10 dollars was a fat stack
I'd do it all again
Bought my jacket and a snapback
You dance black hole was a may back
3 stacks on the playback
I'd do it all again
