

Labrinth, Still Don't Know My Name

I took your heart
I did things to you
Only lovers would do in the dark
Made you a God
Priests, popes and preachers
Would tell me I did it wrong
But hey
You made a nigga flip
What do I say
To make me exist?
Ooh, stranger

Still don't know my name
You still don't know my name
And I would die your slave
For you right now
But you still don't know my name
Yeah

Wish you, wish you come over
Missed you, kissed you and make-believe
I'm dreamin' of all the possibilities
I'm kissing all over your body, my Nefertiti
And every time I think the planets aligning
You still so close yet so far

Still don't know my name
You still don't know my name
And I would die your slave
For you right now
But you still don't know my name
