

# Ladi6, Bang Bang

Where you been all my life?  
Tryna change wrong for right  
Tryna aid those in the fight  
So search your life forever

Even though I know it's hard  
It gets ya grim, gonna leave you scarred  
This is not a condomus part  
This is just to let you know  
That I know  
I know /5x

If I can feel it, you can too  
If I can feel it, you can too  
If I can feel it you can, you can, you can too  
If I can feel it, you can too  
If I can feel it, you can too  
If I can feel it, you can, you can, you can too  
If I can feel it, you can too  
If I can feel it, you can too  
If I can feel it you can, you can, you can too

Bang bang bang they fall down  
Who's gonna pick em up now?  
Who's gonna dust em off?  
Feed the fire, burn the flame, if you release  
And they losing 'gainst the system  
Losing against the ones who rule the world  
Have to buy to make any friends  
Who they gonna run to?  
When they are in trouble  
Who they gonna run to?  
Who they gonna turn to?  
They gonna turn to  
I want to  
I wanna be the one /2x

I wanna stand here  
I wanna stand and fight  
For their lives, their lives, their lives  
Who they gonna run to?  
Who's gonna fight for them?  
I wanna fight  
I wanna fight  
Fight for their lives
