

# Lady Pank, Sly

We know what youre doing  
We know what you d like us all to believe  
We know where were going  
Were all not blind you know, some can see

VERSE 1:

You say I can be a millionaire  
Cmon man youre going nowhere  
See my diamond rings, they shine  
Oh come look, it just takes a little time (3-cie slowo nie moge zrozumiec)  
Limos waiting right outside  
Dont be afraid Ill just stay here for a little ride  
But I dont know why  
You dont know oh!  
Its so obvious  
The writings on the wall  
How can you walk so tough?

CHORUS:

We know what youre doing  
We know what you d like us all to believe  
We know where were going  
Were all not blind you know, some can see

VERSE 2:

I know youre gonna take it someday  
Coz you know Ive got the only way  
I know you with all your little dreams  
If you wouldnt sulk, better for my scheme  
Take my advice now, its no lie  
Theres only way, youve got to be sly  
But I dont know why  
You dont know oh!  
Its so obvious  
The writings on the wall  
Careful, dont fall
