

Lamb, One

Here a story
Of lover finding
Union so deep
There is no unwinding
Tender threads exquisitely finding
Two lives together
One soul deep resounding
Love so strong whatever the weather
Even apart our souls are together
It you and me, babe, forever and ever
Even apart wee dreaming together
One, one
Suddenly all time and space
Loses it meaning when I see your face
And I wrapped up in heaven grace
Feeling so safe in your sweet embrace
One, one, one, one ...
