

# LANDMVRKS, Creature

Et c'est l'odeur de l'enfer  
Un peu de soufre et de douleur  
Qui s'émane et qui ternit mon âme et ma couleur  
Je peux le sentir brûler tout mon corps  
Je veux la faire sortir faire d'elle mon erreur

J'ai croisé tant des démons différents  
J'ai bravé tant de vagues et d'océans  
Mais j'ai toujours ce monstre en moi qui dans le néant me crie

I am the Creature

Don't want to face it  
I want it to break  
Don't want to cope with my fear  
Don't want to face it  
I want it to break  
Don't want to face this creature

This thing inside me is getting out of control  
I've tried to hold it in but I can't anymore

I want it

Cause I waste away  
Is this place for real ?  
Is it the worst of me ?

You can see me through nocturnal eyes  
But you won't get the best of me  
I want it out

I need to get back my freedom  
I'll fight against the whole kingdom  
It's creeping into my system, feeding the pain  
and I've lost my way home

All these lies only feed the pain

Cause I'm crawling in the dark  
Everything we knew has fallen down  
The night suppresses the light  
Looking for a reason I won't find  
And I turn into this creature

Don't want to face it  
I want it to break  
I don't want to cope with my fear  
Don't want to face it  
I want it to break  
Don't want to face this creature

It's a world made of silence and of coal  
I hear the calling and it shatters my soul  
You and I ain't supposed to be real

I no longer feel  
Cause you took everything

No way to ease the pain  
Guided by fear
