

Lapis Lazuli, The Downfall of Humanity: The Fallen

I have told a thousand lies.
My demons are controlling my mind.
Fueled by the dark that lives inside.
I hate what I have become.

There are no monsters under my bed.
They all live inside my head.
Feeding on my pain.
Growing stronger every day.

Emptiness, Panic is growing.
I am weak, turned into nothing
Turn around, Embrace the darkness
Close my eyes, wait for the silence

It's getting close to the end
Time to let go of your life
Do as I say and I'll show you the way out of this hell

You took my life away from me.
My scars are too deep to be healed.
What have I done to deserve your hate?
Nothing matters, it's all too late

The point of no return has been crossed.
My mask of sanity has been lost.
I'm slowly starting to fade away.
Growing fainter and fainter every day

Come follow me and I will make all your pain go away.
Lose your senses and let me lead you away from here
Give yourself to me and I will make your death painless
As your light's fading I will make you the fallen

Emptiness, Panic is growing.
I am weak, turning into nothing
Turn around, Embrace the darkness
Close my eyes, wait for the silence

It's getting close to the end
Time to let go of your life
Do as I say and I'll show you the way out of this hell

There are no monsters under my bed.
They all live inside my head.
Feeding on my pain.
Growing stronger every day.

Come follow me and I will make all your pain go away.
Lose your senses and let me lead you away from here
Give yourself to me and I will make your death painless
As your light's fading I will make you the fallen
