

# LCD Soundsystem, All My Friends

That's how it starts  
We go back to your house  
You check the charts  
And start to figure it out

And if it's crowded, all the better  
Because we know we're gonna be up late  
But if you're worried about the weather  
Then you picked the wrong place to stay  
That's how it starts

And so it starts  
You switch the engine on  
We set controls for the heart of the sun  
One of the ways that we show our age

And if the sun comes up, if the sun comes up, if the sun comes up  
And I still don't wanna stagger home  
Then it's the memory of our betters  
That are keeping us on our feet

You spent the first five years trying to get with the plan  
And the next five years trying to be with your friends again  
Oh, you're talking 45 turns just as fast as you can  
Yeah, I know it gets tired, but it's better when we pretend

It comes apart  
The way it does in bad films  
Except the part  
Where the moral kicks in

Though when we're running out of the drugs  
And the conversation's grinding away  
I wouldn't trade one stupid decision  
For another five years of life

Oh, you drop the first ten years just as fast as you can  
And the next ten people who are trying to be polite  
When you're blowing 85 days in the middle of France  
Yeah, I know it gets tired, only where are your friends tonight?

And to tell the truth  
Oh, this could be the last time  
So here we go  
Like a sales force into the night

And if I made a fool, if I made a fool, if I made a fool  
On the road, there's always this  
And if I'm sued into submission  
I can still come home to this

And with a face like a dad and a laughable stand  
You can sleep on the plane or review what you said  
When you're drunk and the kids look impossibly tan  
You think over and over "Hey, I'm finally dead."

Oh, if the trip and the plan come apart in your hand  
You look contorted on yourself your ridiculous prop  
You forgot what you meant when you read what you said  
And you always knew you were tired  
But then where are your friends tonight?

Where are your friends tonight?  
Where are your friends tonight?

If I could see all my friends tonight  
If I could see all my friends tonight  
If I could see all my friends tonight  
If I could see all my friends tonight
