

# Lea Rue, I Can't Say No!

What's wrong with me  
I'm drifting like a ghost on the sidewalk  
I follow you my love  
Hurting in a blur of emotion

I can't say no!  
Though you there when I hide  
You gone when i'm low  
I'm lost in your world  
Tell me  
Who have I become, When I cant say no  
To you, to you, to you...  
When I can't say no!  
to you...  
When I can't say no!  
to you...  
When I can't say no!

I clip my wings and waited  
For a cloud with satted and rain  
I'm glue thight to your finger  
And now I can't walk away  
Whats wrong with me  
I'm drifting like a ghost on the sidewalk  
I follow you my love  
Hurting in a blur of emotion

I can't say no!  
Though you there when I hide  
You gone when i'm low  
I'm lost in your world  
Tell me  
Who have I become, When I can't say no  
When I can't say no  
To you, to you, to you...  
When I can't say no!  
To you...  
When I can't say no!  
To you...  
When I can't say no!
