

Leaves' Eyes, In Eternity

I see the end in your eyes
Spirits call from the other side
I pray for strength, strength tonight

In dreams I feel your warmth
Buried and frozen the hell we fought
I pray for strength, strength tonight

In eternity
I'll never be
Afraid
Legends live forever
You're my angel, my saviour
Our fate
In blood it's tied together
I am under, under your spell

In eternity rules your fire
Colours reign free in the darkest sky
I feel the strength, strength tonight

Fear, demon of man unthroned
Trail of fury abandoned, alone
I feel the strength, strength tonight

In eternity
I'll never be
Afraid
Legends live forever
You're my angel, my saviour
Our fate
In blood it's tied together
I am under, under your spell

In eternity
